More about the FASD Training

This workshop will provide professional and paraprofessional social service providers and educators who work with children and their families with knowledge of “best practices” with individuals with FASD. Following the workshop, participants can expect to have greater confidence in their abilities to effectively support children with FASD and their families.

Some of the topics covered:

- FASD Fundamentals: FASD Basic Facts; Living with FASD; Strengths of Children with FASD & Linking Brain Function with Behaviour.
- Parents & Children with FASD: Family Centered Practice; Supporting Parents; Birth, Foster, Adoptive and Grandparents.
- Ethical Practice: Ethical Decision Making, Diagnosis vs. Wondering,
- Supporting Individual Children: Individual Differences, Good Techniques, Poor Fit; Providing Accommodation, & Social Skills and Friendships.
- Supporting Good Outcomes: Executive Function & Impulsivity; Modify the Environment; Transitions; & What We've Learned from Experience.

This workshop is facilitated by the Campbell River & District Association for Community Living –Supported Child Development Program & FASD Key Worker Programs
